## PARTICIPANT ID:

VISUALIZATION ID:	Strongly disagree	Disagree	Slightly disagree	Neutral	Slightly agree	Agree	Strongly agree	l don't know / Not applicable
It is <b>obvious</b> for me how to read this visualization								
I can easily understand how the data is represented in this visualization								
I can easily understand this visualization								
I don't find this visualization messy								
I don't find this visualization crowded								
I don't find distracting parts in this visualization								
I find data features (for example, a minimum, or an outlier, or a trend) <b>visible</b> in this visualization								
I can <b>clearly see</b> data features (for example, a minimum, or an outlier, or a trend) in this visualization								
I can easily <b>find specific elements</b> in this visualization								
I can easily <b>identify relevant information</b> in this visualization								
I can easily <b>retrieve information</b> from this visualization								

## **VISUALIZATION ID:**

VISUALIZATION ID:	I don't know / Not applicable: feel free to elaborate below
It is <b>obvious</b> for me how to read this visualization	
I can easily understand how the data is represented in this visualization	
I can easily understand this visualization	
I don't find this visualization messy	
I don't find this visualization crowded	
I don't find distracting parts in this visualization	
I find data features (for example, a minimum, or an outlier, or a trend) <b>visible</b> in this visualization	
I can <b>clearly see</b> data features (for example, a minimum, or an outlier, or a trend) in this visualization	
I can easily <b>find specific elements</b> in this visualization	
I can easily identify relevant information in this visualization	
I can easily retrieve information from this visualization
