

# PostDoctoral Fellowship

INRIA Saclay, France and Ecole Polytechnique

Contact: Jean-Daniel Fekete: [Jean-Daniel.Fekete@inria.fr](mailto:Jean-Daniel.Fekete@inria.fr)

**Join** a team of computer scientists from two **highly respected labs, international leaders in their fields** (INRIA AVIZ in the field of Information Visualization, and Ecole Polytechnique in the field of Big Data).

**To work on:**

Progressive Data Analytics  
Visualization  
Big Data  
Medical Informatics

**The big question:**

It is an exciting time: the French national health care system - one of the world's largest depository of medical data - is opening access to its data to researchers, via the new Health Data Hub. Can innovative data analytics methods and algorithms help them deal with such volume and complexity?

**The ideal candidate:**

Is a **self-driven** researcher with **strong computational and data visualization skills**, who believes in the importance of conducting research informed by **real-world problems** such as the future of health.

Excellent English is required  
Some knowledge of French will be **very** helpful.

**Location:** Saclay, near Paris France

**Starting:** Now

**Duration:** 1 year, can be extended to 2

**Contact:** Jean-Daniel Fekete ~ [Jean-Daniel.Fekete@inria.fr](mailto:Jean-Daniel.Fekete@inria.fr)  
to apply or to discuss the position during the **Vis Conference**
